

## STUDIO DRESS CODE

We want our dancers to dance their best, and in order to do this, they need to dress their best! Our dress code applies to all classes and rehearsals offered through All That! Dance Company. Please let us know if you have any questions about what your child needs for class. We are happy to order dancewear or shoes for our students or refer you to retail options.

Students should come to class in dance attire with their dance shoes on each week. If your dancer has long hair, please pull it back from their face so it doesn't get in their way. Dancers can wear any color or style of dancewear, but we ask that they do not wear jeans, skirts, or other clothing that they can't move easily in. Every one of our dancers deserves individual attention and feedback -- in order to do that, we want to focus on their dancing, not on distracting clothing. We ask that dancers wear a leotard underneath all clothing, with no bare midribs and no bra straps or other undergarments showing. We know that families invest a great deal in their dancer and we appreciate it! We choose the same required footwear for class use as they will need for performances so that you do not need to purchase additional items. We also strongly recommend that each dancer purchase a solid black camisole leotard for class and costume wear. Specific dress code requirements for each class are as follows:

### **Toddlers & Tutus:**

Girls - any color or style of dancewear or athletic wear, pink leather ballet slippers

Boys - any color or style of dancewear or athletic wear, black leather ballet slippers

### **Pre-Ballet:**
